Kayaking Coastal Cleanup

The best of both worlds keep the world clean and at the same time enjoy the beautiful sightings of the mangrove areas! Back by popular demand, the Kayaking Coastal Clean up programme brings about a new perspective to how we see things even when we are at the beach! From places like Pulau Simpang to Coney Island, we create a platform for people to understand the impacts and causes of global warming. We all play a part in keeping the environment clean, all at the same time while enjoying a fun kayaking trip!
